# THE STORY OF DONN

*74 years of living. 46 years of transforming. One gift for the world.*

*Donn Smith · 74 Years Old · 46 Years of Mastery*

*Every great movement begins with one soul who refused to stay broken.*

## The Beginning — Prince Edward Island

Donn was born on Prince Edward Island — a small, quiet island off Canada's eastern coast. His family was the second poorest in the entire community. Irish Catholic roots, violent alcoholic parents, and the kind of pain that embeds itself so deep in the nervous system it can take a lifetime to find — let alone release.

That pain followed him. Donn battled addiction to alcohol, arriving at a moment most people never return from — the very edge of his own life. He nearly died. Instead, he found Alcoholics Anonymous. AA saved him.

Then came a moment of grace. A confession at his church sent him into a spiritual high that lasted three months — a prolonged state of elevated consciousness he had never experienced before. He remembered it. He chased it. He eventually learned how to create it — in himself, and in others.

## The Calling — From Pipe Fitter to Healer

Donn walked away from his career as a pipe fitter. He began working in an addictions center, learning the architecture of human suffering. He studied Neuro-Linguistic Programming and Reality Choice Theory — tools he has refined for over **46 years**. He received a contract with the Parole Board of Canada — working with armed robbers, serial offenders, and individuals serving long sentences. His mission: not to punish, but to support transformation.

## The Rise — From Prison Cells to Boardrooms

Professional athletes in the NHL, NBA, and PGA sought him out, often working with one player at a time. Donn was later engaged by the executive team at Research In Motion (RIM), the maker of BlackBerry, during a period spanning approximately 2005 to 2012 — years in which RIM grew to become Canada's most valuable company by market capitalization. Donn commanded fees of up to \$1,000,000 USD for one-on-one work with private clients during this era.

**Donn worked at the highest levels of human performance — from prison transformation programs to professional sport to the executive suite. The methodology is the through-line.**

## The Loss — And the Gift That Emerged From It

His daughter died of cancer. Fifteen months later, his wife died of cancer too. In the same season, his contract with RIM ended. The money. The career. The family. All gone.

He collapsed inward — into the one thing no circumstance could take. His gift. His purpose. His consciousness. And from total loss, he found his greatest calling: to give everything he knew to the world, freely.

When Jamie Divine met Donn in 2020, that is exactly what he was doing — giving it all away. They began together, offering the program free or by donation. Six years later, it is now a global movement for \$99 a month.

# THE STORY OF JAMIE DIVINE

*Born into chaos. Forged by survival. Built to carry this legacy forward.*

*Jamie Divine · Founder & CEO · IAMDIVINITY*

*Some people are built for comfort. Jamie Divine was built for something else. His life reads not as a biography but as a series of furnaces — each one burning away everything that was not real.*

## Age 2 — Loss Before Memory

Jamie's father died when he was **2 years old**. Before he could form a single memory of the man, he was already learning the first lesson trauma teaches: the people you need can disappear without warning. His mother remarried into a difficult home environment marked by addiction and instability. Jamie watched his mother have three more children in that environment. He absorbed everything. He learned to survive.

## Age 9 — Moving Out

At **9 years old**, Jamie left his mother's home and moved in with his uncle. Not because it was safe — because it was different. His uncle struggled with his own addictions, and put Jamie to work and into sports. In the absence of protection, Jamie found discipline.

## Age 14–16 — The Door to Independence

At 14, Jamie discovered door-to-door sales. He was exceptional. By **16, he had hit six figures**. He moved out on his own — not as a rebellion, but as a graduation. At 16, Jamie Divine became entirely self-made.

He discovered network marketing at 16 and immediately recognized it as a vehicle where the size of your vision was the only limit. He broke records. By 18 he was living in penthouses. The kid who grew up without a father, on his own at 9, was now at the top of buildings looking down at the city below.

## The Pattern — Records and Ruin

But there was a pattern. Addiction to weed, to alcohol, to relationships, to constant movement. The hardness that forms so naturally in a child who had to become his own parent — who learned that vulnerability meant danger, that closeness meant loss. Record broken. Business collapsed. Record broken. Relationship destroyed. Start again.

## Age 26 — Leaving It All Behind

At 26, Jamie gave up everything he had built in Canada and left for Mexico to start completely fresh. He threw himself into forex and crypto trading, building a global business in the trading space.

## April 2020 — The Session That Changed Everything

In April 2020, at age 30, Jamie sat with Donn for the first time. Two hours. One session. Everything changed for him personally. The addictions released. The hardness softened into genuine care. The restlessness

settled into something he had never experienced: enough. He became a family man. A provider. A person who could hold both success and fulfillment.

**The boy who had nothing at 9 gave everything away at 30. Not because he had to.  
Because he finally understood what abundance actually means.**

### **2023 — The Test of Integrity**

In 2023, living in the Philippines after years of traveling with Donn, Jamie launched his own trading company. He generated significant revenue in a short window. Then it fell apart — not because of his work, but because his partners lacked integrity. Most people would have stopped. Jamie turned back to the one thing that had never let him down — the work he and Donn had been building together.

### **Today — The Founder Who Lived Every Lesson**

Jamie Divine is the Founder and CEO of IAMDIVINITY — Donn's number one student, business partner, and the person being prepared to carry the work forward when Donn can no longer do so. He is leading this movement because he has lived every single problem it was built to address.

# REAL TRANSFORMATIONS

*These are real people sharing their personal experiences.*

Donn has worked with executives, professional athletes, and people from every walk of life. Below are voices from the IAMDIVINITY community sharing their individual experiences.

## ◆ Nua · Utah → Philippines

*I flew to the Philippines to sit with Donn. I came with no expectations — I completely surrendered. My wife had no idea I had done the transformation. She could just see the change. She sent me a message thanking me for the new person I had become — and told me she feels like she's falling back in love with me.*

## ◆ Gilbert · Long-Term Pain & Substance Use

*I went through a four-car pile-up in 2015 and suffered chronic back pain for years. I used cannabis to manage the pain — daily, for many years. After working with Donn, that pattern shifted significantly for me, along with a number of long-standing emotional patterns I had carried.*

## ◆ Michael Faust · Thailand

*For most of my life I've had a stutter — for more than 55 years. After working with Donn it became much less noticeable for me. I had also struggled for a long time with self-sabotaging patterns around financial success. After my session, I had my biggest commission day in 11 months.*

## ◆ Tiffany · Live Session

*I had not felt safe or secure for most of my life — not even when I had money. My heart had been closed since childhood. After my session with Donn: "I feel like I'm in a whole new universe."*

## ◆ Will · Philippines

*I had been into personal development for years and just wanted to keep growing. Jamie introduced me to Donn. The process surfaced patterns I didn't know I had been carrying — patterns that were quietly keeping me stuck.*

**Wellness & Testimonials Notice.** All testimonials reflect the personal experiences of individual community members and are not representative of typical results. IAMDIVINITY does not provide medical, psychological, psychiatric, or addiction treatment. Our work is not a substitute for professional medical or mental health care. If you are experiencing a medical or mental health condition, you should consult a qualified healthcare professional. Do not discontinue prescribed treatment based on anything in this document. Outcomes vary significantly between individuals.

# CONSCIOUSNESS & CURRENCY

*The lie you were told — and the truth that sets you free.*

Somewhere along the way, humanity was handed a false choice:

## The Old Story

*"To be spiritual, you must be poor. Money corrupts. Wealth is ego. Choose God or choose gold."*

## The IAMDIVINITY Truth

*"Abundance is a healthy expression. Consciousness and currency can be partners. You were created for both."*

Low consciousness can be expensive. Fear costs opportunities. Shame strains relationships. Anger clouds decisions. When consciousness rises, our experience of life can rise with it.

- ◆ You don't have to be broke to be spiritual. Poverty is not holiness.
- ◆ You don't have to be ego to be rich. Wealth amplifies who you already are.
- ◆ Money is not the opposite of meaning.
- ◆ Spiritual people deserve financial freedom too.

**IAMDIVINITY exists at the exact intersection where consciousness and currency converge. Your awakening and your abundance were always meant to arrive together.**

## THE HAWKINS SCALE — A FRAMEWORK FOR CONSCIOUSNESS

Dr. David Hawkins proposed a framework mapping human consciousness on a logarithmic scale from 0–1000. The framework suggests that most people live within a relatively narrow band of awareness. At 700, Hawkins described what he called Enlightenment — a state historically associated with figures such as Krishna, Buddha, and Jesus.

Level	State	Experience
1000	Enlightenment	The highest state described in Hawkins's framework
700–999	Illumination / Enlightenment	The state IAMDIVINITY sessions are designed to support ◆
600	Peace	Unconditional love, transcendence
500	Love	Unconditional love
400	Reason	The intellect's ceiling
310	Willingness	Optimism, openness

250	Neutrality	Trust, non-attachment
200	Courage	Threshold between life-supporting and life-draining
150	Anger	Frustration, aggression
100	Fear	Anxiety, worry, restriction
50	Apathy	Helplessness, hopelessness
20	Shame	Humiliation

**About the Hawkins Scale.** The Map of Consciousness developed by Dr. David Hawkins is a philosophical framework, not a clinically validated diagnostic tool. References to specific levels describe subjective experience, not measurable medical or psychological states. References to “Instant & Permanent Enlightenment” describe the intent of the IAMDIVINITY methodology; individual experiences vary, no specific outcome is guaranteed, and the work is not a substitute for medical or mental health treatment.

## THE URGENCY — WHY NOW

*A 74-year-old man holds a body of work the world deserves to access. The window is open. Not forever.*

Donn is 74 years old. He is the only person who delivers this work the way he does. His direct presence — live, in session, in the room — is available NOW. This is a finite window. When it closes, it closes.

For \$99 a month, you sit in a live group session with Donn himself. The same methodology refined over four decades of private work. Available to you now, for less than \$4 a day.

The masterplan exists so that Partners who help share this work are financially rewarded for every Member they bring in. Urgency and abundance. Together. As one.

**The window is open. Your time is now.**

# INSTANT & PERMANENT ENLIGHTENMENT

## *What actually happens. Why we believe it works.*

Within the Hawkins framework, 700 is described as Enlightenment — a state historically associated with great spiritual teachers. The IAMDIVINITY methodology is designed to support participants in moving toward that state in a single session. Outcomes vary.

Step	Name	What Happens
1	The Tracing	Donn traces back to early experiences that shaped the nervous system's sense of safety — often patterns carried for decades.
2	The Double Sound Technique	A proprietary process designed to release energetic charge associated with these early patterns. Many participants report a noticeable shift during this part of the work.
3	The Consciousness Shift	In one moment, participants often describe crossing from heavier emotional states (fear, shame, anger) into a markedly different experience of consciousness.
4	Divine Focus — Daily Practice	A personalized daily practice designed to recall the elevated state experienced in the first session. Those who practice consistently tend to maintain the shift more reliably.
5	The Community & Weekly Calls	Ongoing weekly group sessions with Donn and the IAMDIVINITY community. Each person's growth contributes to the collective field.

**Important.** The IAMDIVINITY methodology is a personal development and wellness practice. It is not medical, psychological, or psychiatric care, and is not a treatment for any disease, disorder, or addiction. Outcomes vary between individuals. Participants experiencing medical or mental health conditions should work with qualified healthcare professionals.

## HOW THE PLAN WORKS

*Simple. Transparent. Designed for Partners who share what genuinely changed their life.*

When Partners share IAMDIVINITY with others and those individuals choose to become paying Members, Partners may be eligible for compensation across four categories:

### Fast Start Bonus

\$50 per new Member you personally enroll — paid daily.

### Binary / Weekly Bonus

A set weekly base pay based on your achieved rank — paid every week from your entire organization.

### Pool Bonuses

1% of all company commissionable volume shared monthly among qualifying leaders.

### Rank Advancement Bonus

A one-time bonus paid when you first achieve a new rank — from \$200 up to \$4,000,000 (Rank 19).

**Commission cycle:** Each week closes Sunday at 11:59 PM Pacific Time. Earnings are paid the second Friday after close.

**Member benefit:** Members who personally refer 3 active Members receive their own \$99/month subscription at no charge while those referrals remain active.

**Income figures shown are base pay under the plan, not earnings claims.** Dollar amounts shown represent base pay payable at each rank under the Compensation Plan upon meeting all qualification requirements. They are not guarantees, projections, or representations of typical earnings. Most participants in any network marketing or direct sales program earn little to no income. See full Income Disclosure Statement at [iamdivinity.io/income-disclosure](http://iamdivinity.io/income-disclosure).

# YOUR ASCENSION PATH

*Six tiers. Nineteen ranks. One journey.*

Every rank represents more lives touched, more community built, and more income potential earned. The vast majority of Partners do not advance beyond the entry ranks. Pay figures shown represent base pay at each rank, not guarantees.

# YOUR QUESTIONS ANSWERED

*Honest answers to the questions your mind is probably asking right now.*

## "Is this MLM?"

Yes. MLM means you can earn when you share, and those you bring in can earn when they share. Commissions are paid only on real Member subscriptions to end consumers — not on recruiting other Partners, not on inventory, not on enrollment fees. The transformation is the product. The masterplan is how Partners are rewarded for sharing it.

## "What if I'm not spiritual?"

Many community members didn't identify as particularly spiritual when they started. The methodology works with the nervous system, not with belief. You don't need to believe in anything specific. You just need to show up.

## "What actually happens in a session?"

Donn supports you in tracing back to early experiences that shaped your nervous system's sense of safety, then uses the Double Sound Technique to release the energetic charge associated with those patterns. The Divine Focus daily practice is designed to support that shift becoming a more consistent baseline. Outcomes vary.

## "Donn is 74. What happens when he's gone?"

Jamie is Donn's number one student and partner, being prepared to carry the methodology forward. The work is being documented and the community is being built to outlast any single person. But Donn is here now, working actively, available live every week.

## "Do I have to sell to make money?"

No. The simplest path: refer 3 active Members, and your own subscription is covered at no charge. Beyond that — building a team, ascending the ranks, earning weekly bonuses — is optional.

## "Is there any science behind this?"

The methodology draws on Neuro-Linguistic Programming and Reality Choice Theory. The Hawkins Map of Consciousness is a philosophical framework used to describe subjective experience, not a clinical diagnostic tool.

**The only real question is this: Are you ready to experience it? Everything else is the mind finding reasons to wait.**

## YOUR FIRST STEP

*The window is open. Here is exactly how to walk through it.*

### STEP 1

#### **Register for the Next Live Call**

Join a live group session with Donn and experience the work for yourself. This is not a webinar. This is not a pitch. Show up with an open heart.

### STEP 2

#### **Refer 3 Members — Your Membership Is Free**

When you refer 3 Members who each subscribe at \$99/month, your own membership is covered at no charge while those referrals remain active.

### STEP 3

#### **Become a Partner — Share With Others**

Once you've experienced the transformation, you have the option to activate the Partner Pack and join the masterplan. Income potential at each rank is described in this document; outcomes vary, and most Partners earn little or no income.

**Donn is 74. There is no version of this where you wait forever. Register. Show up.**
